

INTEGRABLE DAY AT LOUGHBOROUGH

A half-day workshop on **Algebra, Geometry and Integrability** will be held at Loughborough University on November 27, 2015, room SCH.1.05 from 1.30pm. The speakers are:

Paul Johnson (Sheffield): *"Topology of Hilbert schemes and combinatorics of partitions"*

Anna Felikson (Durham): *"Coxeter groups, quiver mutations and hyperbolic manifolds"*

Robert Marsh (Leeds): *"Braid groups and quiver mutation"*

Alexei Bolsinov (Loughborough): *"Jordan-Kronecker invariants of Lie algebras"*

The meeting is part of a collaborative workshop series on Classical and Quantum Integrability, sponsored by the London Mathematical Society, involving Edinburgh, Glasgow, Leeds and Loughborough Universities: <http://www1.maths.leeds.ac.uk/cnls/research/integrable/cqi/cqi.html>

Funds may be available to support the attendance of research students. Enquiries should be addressed to the organiser: A.P.Veselov@lboro.ac.uk.
