

Errata in “Linear operators and linear systems”

Jonathan R. Partington

August 23, 2011

If you find any more, please let me know!

Page 12, third displayed equation. The Blaschke product should read

$$B(s) = \left(\frac{s-1}{s+1} \right)^n \prod_{s_n \neq 1} \frac{|1-s_n^2|}{1-s_n^2} \frac{s-s_n}{s+\overline{s_n}}.$$

Page 123, second displayed equation. This should be

$$\dot{x}(t) + x(t) = u(t-h).$$

Page 133, line 17. They cross back to the left, not at $h = \pi\sqrt{2}$ but at $h = \pi/2$.

Page 137, Example 6.3.5. $0 < T < T$ should of course be $0 < t < T$.
